

SC WAVE PLAYER EXPECTATIONS

- Players are expected to represent SC Wave positively whether on the field or off the field.
- All Players **MUST** use Teamsnap App for all team communication and updates.
- Players are expected to come mentally prepared to compete at the highest level possible with a mindset to grow and develop every time they are at a SC Wave session/game.
- Players will be respectful to coaches, players, parents, officials both within and outside the club.
- Players are expected to be ready to start training at their scheduled time—not arriving at start time.
- Players are expected to wear proper SC Wave attire for all training/games/ and travel.
- Players are encouraged to arrive 10-15 minutes early for training to prepare them for the session ahead. Use this time to get touches on the ball – Soccer tennis, juggling, passing or 5 v 2. Not shooting or sitting around.
- Players arriving late are responsible for contacting the relevant coach regarding the situation. Upon arrival, the player has the correct gear on, and is ready to jog to their respective field.
- Players are responsible for wearing proper attire to all SC Wave Events that are weather appropriate (training, games, tournaments).
- Players are expected to bring a properly inflated ball to all SC Wave Events.
- Players must bring adequate amount of fluids for all events
- Players are responsible for packing/bringing their own gear to all events, not the parents - This means bringing ALL uniform pieces regardless of what uniform is assigned for that day in case we need to change due to color conflicts.
- Once the players arrive at an event, there should be no parent contact until after the event. Players should have come prepared with all necessary items prior to arrival. (Training/Games/Tournament)
- If a player has a concern, it is their responsibility to communicate with the coach for an open discussion.
- Players must have an open dialogue with parents regarding communication with coaches.

Please remember that players are representing SC Wave both on and off the field. All players are to know and understand the expectations stated above. We are going to be as strong of a club as we are due to the committed players that play for our successful club. Please remember to hold yourself to the highest standards in everything you do - both in soccer and in life!
