

SC WAVE

Development Stages + Key Qualities

MISSION

SC Wave provides an enjoyable and positive environment for soccer players. Our mission is to promote individual development of all our players and assist them to reach their full potential, both within the game and outside of the game of soccer. Our players focus on proper preparation through discipline, determination, dedication, hard work and teamwork while playing with a passion and competing every time they step on the field.

VISION

SC Wave will develop complete soccer players with excellent soccer intelligence, technical skills, and a competitive mentality. Players will learn to love the game and will compete at their appropriate level, while experiencing life-lessons beyond the game. We aim to prepare our players to the next level of College Soccer and in some instances professional soccer.

VALUES

MERITOCRACY

Our attitudes and behaviors reflect what we deserve

TEAM SPIRIT

Collective achievements generate individual benefits

RESPECT

We respect the environment; referees, opponents, teammates and facilities. We are proud to represent the club and our community

RESILIENCE

Giving up is not an option. You fail only when you quit

CREATIVITY

We are brave and confident to create/generate something unpredictable

U-13 & U-14 DEVELOP THE KEY QUALITIES

Development of the individual qualities of a player in a team concept (e.g. roles and tasks of players)

Team Tactical Principles U-13 & U-14 Player		
	ATTACKING	DEFENDING
Attacking 1/3	Different types of runs to get behind/between last line of defenders	Mix of zonal and man to man
	Find key players where they can succeed	Pressing: Recognize the moment to make play predictable
	Find space to combine and become a passing option	Look to always pressure the player on the ball
	Get numbers in the box	Stay and keep it compact, limit the space between lines and units
	Move away from defender = creating space	
Midfield 1/3	Movement of players to create numbers up	Keep the ball in front of us, force play wide
	Full backs and wingers occupying different channels	Look to always pressure the player on the ball in your zone
	Find space to combine and become a passing option	Zonal defending – communicate player movement
	Create numbers up on one side to find teammate on the other side in open space or 1v1	Stay and keep it compact, limit the space between lines and units
	Move away from defender = creating space	
Defending 1/3	Create numbers up to move the ball forward	Get compact and stay compact – don't allow passes through you
	Beat the first defender by passing or dribbling	Get behind the ball, force play wide
	Create diagonal passing lanes to support teammate	Look to always pressure the player on the ball
	Find separation away from defender = creating space	
	Occupy 5 vertical lanes with 5 defenders	Inside the box man mark, outside the box mark space

U-13 & U-14 DEVELOP THE KEY QUALITIES

Development of the individual qualities of a player in a team concept (e.g. roles and tasks of players)

Team Tactical Principles U-13 & U-14 Player		
	TRANSITION A>D	TRANSITION D>A
Attacking 1/3	Pressure player on the ball as soon as possible	Play the highest player on the field if possible
	Numbers behind the ball immediately, get compact/organized	
	Ball orientated press, Create numbers up around the ball	
	Force play back	Dribble towards the goal and shoot on target
	When first pressure gets broken, drop deep and get organized/compact	
	No pressure on the ball, drop/delay	
Midfield 1/3	Pressure player on the ball as soon as possible	Play the first pass to the closest player ahead of the ball
	Numbers behind the ball immediately, get compact/organize	
	Ball orientated press, Create numbers up around the ball	Pass backwards if you can not go forward
	Force play outside	
	Zonal defending – don't cross in front or behind each other	
Defending 1/3	Pressure player on the ball as soon as possible	Play the first pass to the closest player ahead of the ball
	Numbers behind the ball immediately, get compact/organize	
	Ball orientated press, Create numbers up around the ball	
	Force play outside	Pass backwards if you can not go forward
	(Defensive) Zonal defending, man to man within the box
